

The first thing to remember is **“Keep Left”**.

Find Route 30 and go East. If you are coming from the airport it is the first light at the airport exit. Turn right at that light. If you are coming from anywhere else see the map above and Route 30 follows the water through Charlotte Amalie. Follow Route 30 along the water, make a right turn at the light at Yacht Haven Grand continuing to follow the water. At the next light turn left onto Route 313. There is a Wendy’s on your right at this intersection. You will be turning left away from the water. You will then pass K Mart on your left, at the next light turn right onto Route 38 East and Raphune Hill Road.

The above route assumes stopping to shop for supplies. About ½ mile beyond the crest of the hill get in the left lane at the first light to turn left into Market Square East to shop at Cost U Less. There are movie theaters and a Home Depot in this complex. Cost U Less is a small version of a Costco or Sam’s Club. You do not need to be a member to shop here.

After shopping get back on Route 38 East (A left hand turn out of Market Square East). The next turn is a right hand turn onto Route 32 in about 1 mile. It is the first light after a sharp bend in the road to the left.. Get in the right turn lane just past the KFC on the right hand side after going around the curve. The Tutu Park Mall entrance will be on your left. Turn right at the light. There will be a Banco Popular at the corner, then a Toyota dealership on your left after making the turn.

This road will take you all the way to Red Hook and the car barge dock with no further turnings. The map looks like there is a turn at the intersection of Route 30 and Route 32, there isn’t. Route 30 has a stop sign even though it is the major road. The next shopping stop is Food Center, it is on the left hand side after the road joins the water for awhile. It is just below the word FRYDENHOJ on the map above, and just before a Domino gas station on the same side of the road.

Red Hook is about 2 more miles beyond Food Center. The Barge Dock is on the East end of Red Hook on the right hand side. There is a red dot on the map which says Red Hook Ferry. When you come to the only gas station in Red Hook, a Total gas station on the left, the entrance to the Barge Terminal is just beyond the station. The people ferry terminal and it’s parking lot is on the right, and the right hand turning to the barge is on the East side of the parking lot. There is a kiosk about 100 yards past the turning to stop and pay a \$3 port fee.

When you pull into the waiting area park facing away form the water in order to position yourself to be able to reverse onto the barge when directed.

Please read section 3- “Car Barges Explained” in the article “Renting a car on St. Thomas” on the “Links” page on our website www.mylunavista.com to understand how the barge companies work.
